

Guide to Verify Smart Vaccination Certificate

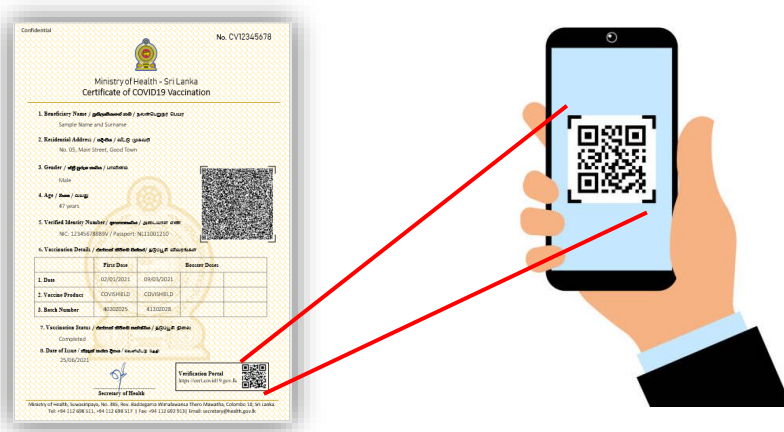

Step 1: Accessing the Verification Portal

- Using an ordinary QR code reader available in your smartphone, scan the small QR code on the bottom of the Smart Vaccination Certificate and open the link

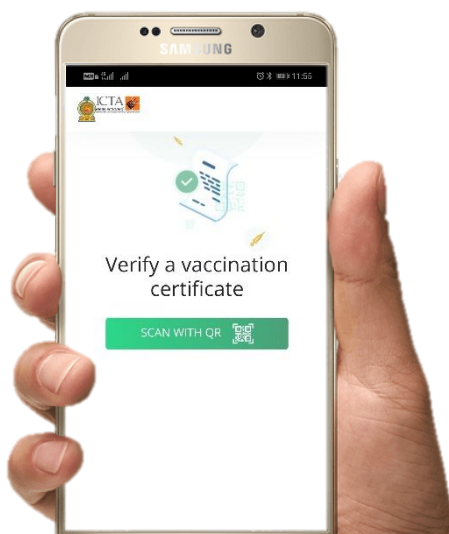

Or

Open a web browser in your smartphone and visit

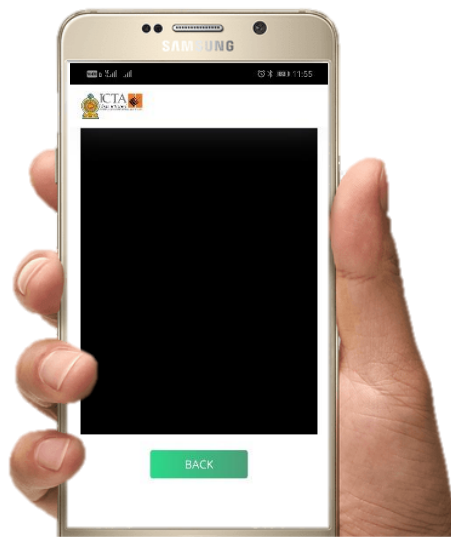

<https://cert.covid19.gov.lk/>

- Then you will be directed to SVC verification port

- c. Click on the “SCAN WITH QR” button to open the QR Scanner in the verification portal.

Step 2: Scanning the Cryptographically Verifiable QR code with the Verification Portal

- a. Hold the smartphone to fill the whole scan area with the bigger QR code on the Smart Vaccination Certificate.

IMPORTANT:

- Because this QR code is bulky, it will take a little while to scan the QR code.
- To facilitate scanning,
 - Enlarge the QR code to scan in the computer screen or smartphone screen as much as possible.
 - Slightly move the smartphone used to scan, to and away from the QR code.
 - Slightly tilt the smartphone used to scan, to right and left.
 - Outside light reflecting on the screen with QR code may interrupt the scanning.
 - If you are scanning the QR code on a printed Smart Vaccination Certificate, it should be a high-quality print without dirt or bending lines on the QR code.

NOTE: Please note that this QR code cannot be scanned using ordinary QR scanners.

Confidential

No. CV12345678

Ministry of Health - Sri Lanka
Certificate of COVID19 Vaccination

1. Beneficiary Name / අනුමත නම / පාලනප්‍රාප්තයාගේ නම
